

Emma Strong

Charity Event

River House

Meet Emma Gehring. Emma was born in May 2012 to Brent and Kathryn Gehring. At six months old, her parents noticed Emma wasn't developing as well as most babies her age. Naturally they took her to the pediatrician, where Emma Gehring was diagnosed with a formidable brain tumor.

This sweet, courageous and strong child has endured more trials in the past three years than most of us have to face in our entire lifetime. Emma is going through aggressive and extensive treatments to battle the tumor, multiple trips to the hospital, appointments with specialists, tests, scans and MRIs, surgeries, therapies – and sadly, Emma is still left fighting for her life. She has a shunt system implant in her head to help drain the fluid from her brain, to help stop her excruciating headaches. She has gone through chemotherapy and radiation numerous times and each time the hope of Emma recovery is dashed with news that the tumor is, in fact, growing.

As you can imagine, the cost of keeping baby Emma with us is astronomical. JLL and Chesterfield will be holding an event on March 27, 2015 to help this young girl and her family. Please find it in your heart to help us take some of the financial strain off of Emma's parents, so that they can focus on their daughter's well-being.
